

HOW TO HELP LOCAL SCHOOLS DURING COVID-19

By Jennifer Monroe, Marketing Manager, Carlsbad Educational Foundation

Our community of students, teachers and parents are facing unprecedented challenges due to the Covid-19 pandemic, leading many Carlsbad residents to ask, "How can I help?"

The Carlsbad Educational Foundation has stepped up with its #MoveForwardTogether campaign to provide childcare, special programs and other support for our local school district. But they need your help.

Established by a group of Carlsbad High School parents in 1983, the Carlsbad Educational Foundation funds curriculum-based programs in music, STEAM, and educational innovation for every student in the Carlsbad Unified School District.

The Foundation relies on your support to help students grow into passionate learners and reach their fullest potential. This school year presents new challenges.

In response to the Covid-19 health and economic crisis, the Foundation is adapting its funding priorities to include groceries for families facing financial hardship, individual school supplies for items that can no longer be shared under current health guidelines, and child care to help parents get back to work.

Here are ways you can help:

1. To learn more, visit CarlsbadEd.org
2. Enroll your elementary-aged student in a Carlsbad Educational Foundation enrichment program to learn STEAM concepts in a creative, fun way. Visit CarlsbadEd.org/Enrichment to register.

3. Sign up your students for the Kids Care program held at every elementary school campus for academic and social support. Enroll at CarlsbadEd.org/KidsCare

The Foundation's tuition-based programs like Kids Care and enrichment classes help fund the Foundation's daily expenses, so every dollar you donate goes directly to science, technology, music and other critical programs in our schools.

Join the Foundation's #MoveForwardTogether campaign to support our local students during these unprecedented times! Every dollar makes a difference.

The Carlsbad Educational Foundation funds curriculum-based programs in music, STEAM, and educational innovation for every student in the Carlsbad Unified School District. In response to the Covid-19 health and economic crisis, the Foundation is adapting its programs to accommodate social distancing guidelines and is funding new funding priorities to help our community's most vulnerable.
